The Tulip is one of the earliest of the spring flowers, and surely the most cherished. The beauty and their home is so evident in the spring, we just find joy in planting them in our flower beds. It is a pleasure to know that they are enjoying a little more of the beauty of their Teresa, Breeds of Hyacinths.

Tulips are found wild along the northern shores of the Mediterranean, Armenia, Caucasus, Persia, Central Asia and Afghanistan but were first introduced into Holland in 1561. The red and yellow of this little country are now so universal that these flowers are enjoyed in the hundreds. The Tulip is a petunia-like flower with straight stems, long leaves, and wide, colorful petals. In fact, the ancient Egyptians were so enamored of the Tulip that they considered it a symbol of beauty and fertility.

Although Tulips can be used en masse or in drifts, they can also be interplanted with other spring bulbs such as daffodils, crocuses, and hyacinths. This will help to create a beautiful, colorful display. The Tulip is one of the most popular flowers in the world and is a symbol of love and friendship.

To order your own beautiful Tulip blooms, please visit our website or call our toll-free number. We offer a wide variety of Tulip colors and varieties, and we can help you choose the perfect one for your garden. Don't miss this wonderful opportunity to bring the beauty of Tulips into your home and garden.

Great Once-a-Year Rose Sale

Wouldn’t you like to have a yard full of just such fine roses as pictured on this page? Our Great Once-A-Year Sale brings you the opportunity to have dozens of them at very small cost. Each year about June 1st, we bring in all our fine 2 to 3 year-old roses, regardless of whether the regular selling price is $1.00, or $1.50 each, and put them all in one grand, big Clean-Up at bargain prices.

To make this an event of more than usual importance this year we have also arranged with other well known growers to ship us their surplus of high grade Monthly Roses, of the long, pointed bud types so popular for cutting. So you are sure of a large assortment of the best varieties, all of which sell regularly at not less than $1.00 each, and up to $1.50.

We advertised these roses last year in June, and new and old customers alike were astonished at the values they received. If you were here, we could show you letter after letter from these delighted customers who say “Our Roses were in bloom in just a few weeks after planting,” “Roses are wonderful. Would cost at least $1.50 each here.” “One of the roses purchased in your sale now in bloom, measuring 5 inches across.” “Roses purchased in your Clean-Up Sale were still in bloom in November,” letter after letter of pleasure and delight in the wonderful plants secured for so small a sum.

This is your opportunity to add greatly to your Rose display at almost no cost. We begin shipping these plants about June 15th, and all orders are filled in rotation as received, so order NOW, and be sure of the choicest and largest assortment of fine varieties and a complete color range.
